

## Preschool Remote Learning

### Seesaw Family vs. Seesaw Class app.

 Family	 Class
The family App is where the parents see students work, communicate with teachers, and view announcement.	The class app is where student learning happens. Students use this app to complete work, see teacher announcements, and complete activities.

#### How to use Seesaw Family:

**Step 1:** Download the free Seesaw Family app for IOS or Android.

**Step 2:** Choose "create Family Account"

**Step 3:** Scan the QR code using seesaw's built in QR code scanner OR click on the link sent to you via email by your child's teacher.

**Step 4:** Create your account

#### How to use Seesaw Class:

**Step 1:** Open the Seesaw Class app on IOS or Android. Or go to [app.seesaw.me](http://app.seesaw.me) on any computer in chrome or Firefox browser.

**Step 2:** Choose I'm a students

**Step 3:** Scan the QR code or type the code sent to you by the class teacher.

**Step 4:** Pick your name!

**How to create a post and add it to the journal:**

1- Click on the green add button

2- You can choose to add a photo, drawing, video, add file, note, or a link.

**How to complete an activity:**

1- Click on the activities tab.

2- Click on 

3- Apply the activity following the teachers instruction

4- When done press on the green tick to send.

*(New feature: In case you did not send the activity directly when done, there is an "in progress" button you can press to continue the activity later on before sending it.)*

**For extra guidance:**
